Do more faster than ever before

Here are some of the advantages of integrating maX with AroFlo.
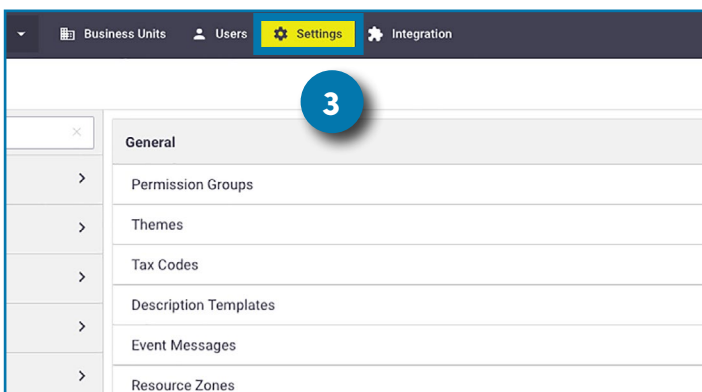

Linking maX and AroFlo

Simply link maX and AroFlo once and all information will be automatically shared from then on.

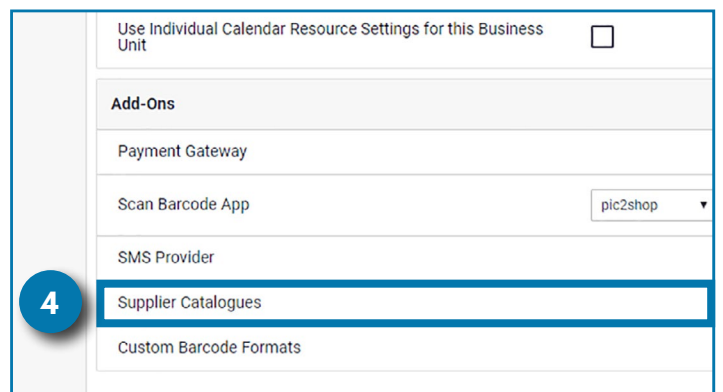

Step 1 Log onto AroFlo.

Step 2 Select 'Site Administration' on top right corner under user ID details.

Step 3 Click on 'Settings' on the top menu bar.

Step 4 Scroll to the bottom of the page and click 'Supplier Catalogues'.

› Live pricing

maX integrated with AroFlo means you always have access to the most up-to-date pricing from the Reece Group product catalogue.

› No more manual uploads

With the entire Reece Group product catalogue at your fingertips, you can say goodbye to uploading price files.

› Product information

View all product images, technical information and downloads from within AroFlo.
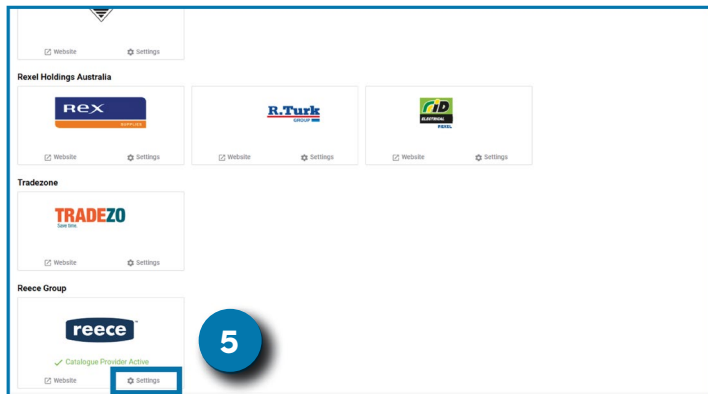

› All in one place

Now you can manage the entire ordering process in the one place – from quotes to orders and invoicing.

## › Streamlined inventory management

When you create a purchase order in AroFlo using products from the maX catalogue, AroFlo can automate the addition of parts to your AroFlo inventory, removing the need for double-data entry.

› Track costs & customise charges

AroFlo can import Reece invoices (via PDF or CSV) and build a history of costs per part, over time. You can choose how to price those parts for invoicing. Choose from Max Cost, Average Cost, Last Cost, or a Set Cost; plus your desired % mark-up – so you can create smart invoices, that suit your business.

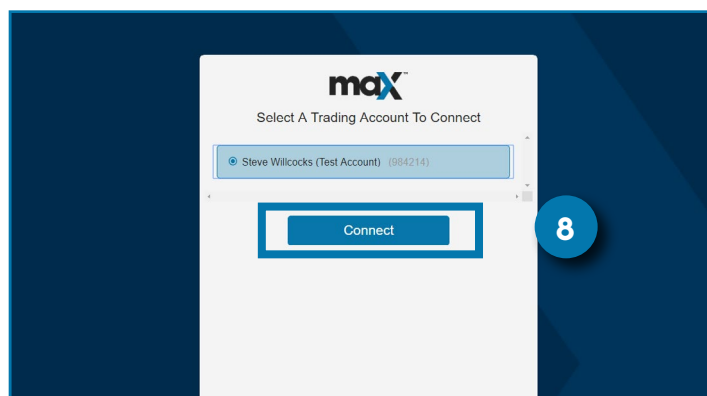

Step 5 Click on 'Settings' under Reece to initiate the onboarding process with maX.

Step 6 Enter maX user details to log in.

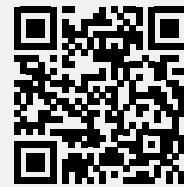

Step 7 Select the corresponding trading account to be linked with AroFlo.

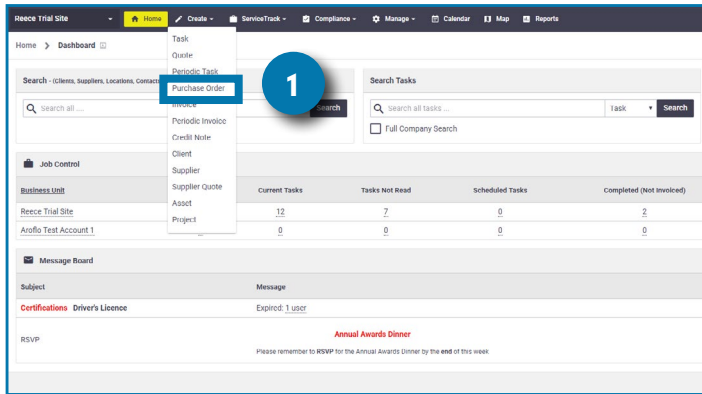

Step 8 Click on 'Connect' and you are all set.

How to use the maX catalogue in AroFlo:

You can now order any products from the maX catalogue through AroFlo by taking the following steps:
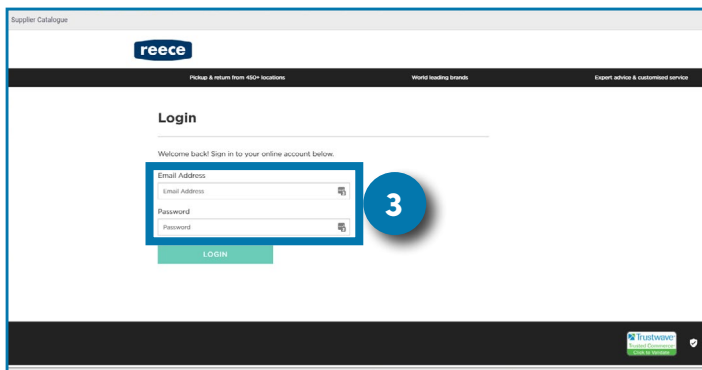

**Step 1** From the AroFlo home dashboard click 'Create' then 'Purchase Order'.

Note: Alternatively, you can access product pricing via the 'Quote', 'Supplier Quote' or 'Invoice' options in the menu.

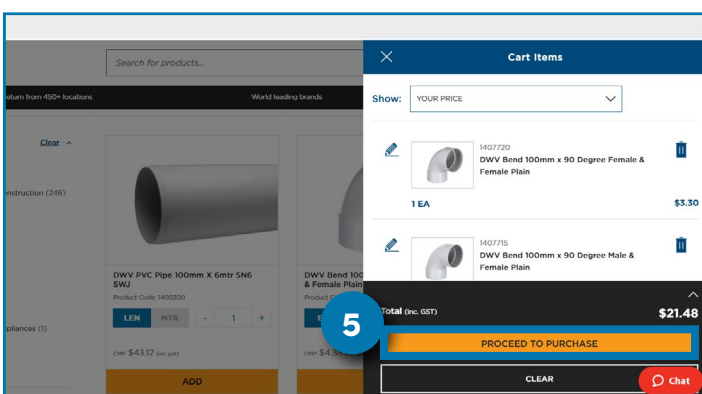

Step 2 On the 'Purchase Order' page you will see the option to select products from a supplier catalogue.

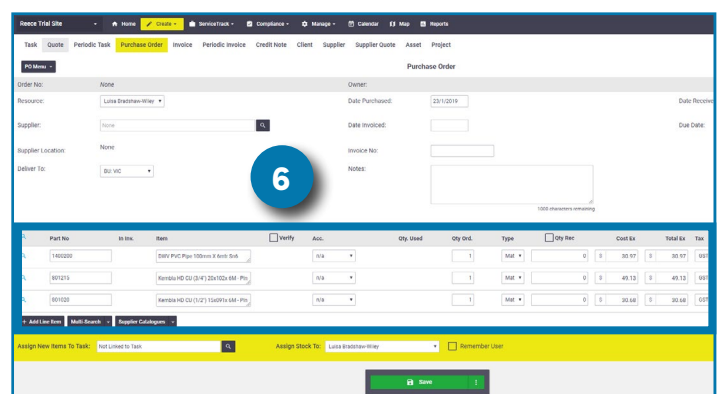

Step 3 Select the drop down then click Reece catalogue, this will direct you to login to maX.

Step 4 Select products and add them to cart.

Step 5 From the cart click 'Proceed To Purchase', this will direct you back to your AroFlo purchase order.

Step 6 View all products from your cart itemised within your AroFlo purchase order. Save order and submit to a branch.
